

School Uniforms

Whether they wear business casual school polo shirts or crisp dress shirt and tie, our uniforms are an expression of unity. Wearing a uniform helps our students focus on what is important: their education, not their clothing. As an expression of uniqueness, our uniforms help each individual student learn to develop a style that is not based merely on appearance, but one based on **character, skills, intellect, and ability.**

**Wearing a uniform helps our students focus on their education,
not their clothing.**
